Video

We'd love to learn more about what drives you! Don't worry, we are not asking for a professionally produced video. In fact, we LOVE videos that are clearly just you being YOU. We want to see your passion, your voice, and your energy.

VIDEO INSTRUCTIONS:

You can click the recorder icon within the application to record and upload your video directly. If you are the spontaneous, go-for-it type please feel free to use this option! However, we have found that most of our applicants prefer to prepare before recording.

1. **Prepare:** This does not need to be a professional quality recording. To create an impactful video, we recommend that you take a few moments to gather your thoughts from the prompts below, before recording. Feel free to use reference notes if you find that helpful, but try not to read from a script. Just be yourself!
2. **Choose Your Setup:** Determine where you want to record the video. Create your video in a quiet place. Background noise can hinder the quality of your video and make it difficult to hear or understand you speaking.
3. **Record Your Video** using your phone or computer camera. *Please do not share pre-recorded promo clips or professionally produced promotional videos.* We are not looking for professional video quality.
4. **Review Your Video.** Make sure that your voice can be clearly heard and that your video is at least 1 minute long, but no longer than 2 minutes. Do not add any background music or after-effects to your video.

5. **Upload your Video** below. Click on the upload icon below and select your video file. Video files must be less than 1 GB.

VIDEO PROMPTS:

1. **Introduce Yourself:** Begin by stating your full name and where you are from.
2. **Describe yourself as a leader** and tell us about the potential you see within yourself!
3. **How Can We Support You?** Tell us a little bit about what you hope to get out of this program. How can the Empowered Leader Program and leadership coaching help bring you closer to unlocking the leader you are destined to be?
